Full Stack Developer

Serhii Kushnir

📍 Poland   📞 +48 535 199 746 (Telegram @SerhiyKushnir)   📧 s1983kushnir@gmail.com   🔗 **LinkedIn Portfolio GitHub**

Full Stack Developer skilled in **React, Next.js, Vite, Tailwind, TypeScript, Node.js, MongoDB, and MySQL.** Experienced in building scalable, high-performance web apps with modern UI/UX and responsive design. Passionate about creating efficient, maintainable, and user-focused solutions in collaboration with design and backend teams.

EXPERIENCE

Front End Developer TheBuidl

February 2025 - Present

React, Next.js, Vite, TS, Tailwind CSS, Zustand, Lightweight-Charts

- Built **projects from scratch**, designing architecture and delivering production-ready applications.
- **Contributed features** and improvements to team projects.
- **Set up Webpack** to import icons as reusable components and implemented an SVG sprite system to improve performance and reduce load times.

Front End Developer Junfolio

September 2024 - February 2025

React, Next.js, TS, Tailwind CSS, Redux, React Hook Form, Yup

- Developed a platform connecting startups with collaborators.
- **Refactored and optimized** code, improving performance.
- Built reusable, user-friendly forms with **React Hook Form** and **Yup**.
- **Mentored** developers and conducted technical interviews.

Full Stack Developer Reel-Reveal

January 2024 - September 2024

Next.js, React, TS, Tailwind CSS, OpenAI API, MongoDB, TMDB API, NextAuth

- Built a movie discovery app integrating **TMDB & OpenAI** APIs.
- **Designed** and implemented an interactive quiz with OpenAI.
- Collaborated with a UX designer to create a **pixel-perfect, user-friendly interface**.
- **Optimized** API usage, reducing costs by 20%.
- Set up and managed a **MongoDB database**, ensuring efficient data storage and fast retrieval.

Senior Industrial Engineer Vericom

2019 - 2024, Kyiv, Ukraine

- Oversaw customer consultations and managed the entire production process.
- Managed full production cycle of CNC machine tools.
- Designed and optimized processes for manufacturing efficiency.
